## Peace of Eden Riesling 2015

The peace and tranquillity of the cool climate Eden Valley is ideally suited to yielding the clean, pure flavours of Riesling. Our approach of minimal intervention enables the true characteristics of each vintage and the vines to speak for itself.

### Winemaking

Fruit for the 2015 Peace of Eden blend was sourced from two low-yielding vineyards in the heart of Eden Valley. The Riley family property is located upon deep sand, with a flat aspect, producing extremely bright and clean fruit, while Merv Storton's vineyard is a dry-grown block producing smaller berries with intense fruit concentration.

Picking occurred in March during the early hours of the morning whilst the temperature was cool. Following harvest, pressing was conducted at our nearby Barossa winemaking facility with great emphasis on minimal skin contact. After two days of cold-settling, the pristine, clear juice was racked from the tanks before the final blending and bottling.

The fruit source and conditions of this vintage have produced a bolder style of Riesling than previous years, although still maintaining the trademark Peace of Eden prettiness.
